	Cold Patch	79.05
	Asphalt	826.22
	Total Expenditures	$4,402.10
	Balance to 1971	$2,035.01

The money was spent to gravel Hall Stream and seal Back Lake Beach and Dugway.

1971	1970 Balance	$2,035.01
	1970 Town Apportionment	806.97
	State Apportionment	$5,379.80
	Total Money Available	$8,221.78

It will cost approximately $2300 to mix and seal that portion of Hall Stream that was gravelled last year, leaving a new construction balance of approximately $5,900.

It is hoped that the town will be able to raise some money to seal the present surface treated roads. Failure to do so might jeopardize future mixing on T.R.A.

VOLUNTEER FIRE DEPARTMENT REPORT

Since our report last March we have held regular meetings once a month with about ten members present at all the meetings. We have had six fires since then, two grass fires (at Tom Dorman's and Robert Covill's), and chimney fires at Arthur Johnson's and Coleman Keazer's. We had two fires in buildings, one at Martineau's camp and one at Powder Horn, which we were able to save. We feel we were able to save this building because of the new pumper and the fog nozzles we now have. Also, we had an opportunity to use our Scott Air Packs, which were very useful. The Town has made three more payments on our No. 2 Truck for us, so the members of the Department have agreed not to accept any pay for going to fires. This summer we plan to make some more places where we can get water for fighting fires.

Pittsburg Volunteer Fire Dept.

Report of Pittsburg Planning Board

To the Citizens and Property Owners of Pittsburg:

The Pittsburg Planning Board was established during the month of November by the vote of a special Town Meeting. In accordance with state law, the members of the Board have been selected and duly appointed by the Selectmen of Pittsburg.

Since its formation, the Planning Board has held numerous working sessions to prepare information for consideration by the citizens of Pittsburg. Although much work has been done, the Board wishes to emphasize that much more remains. The success or failure of this attempt to preserve the rural, natural beauty of Pittsburg will depend on the cooperation of the people and this Board. If we move ahead together, then we shall succeed. If we lose sight of our basic purpose, to insure that the future development of Pittsburg is accompanied by forethought and consideration of the effect of this development on the basic nature of the Town, failure may well be ours.

In order to present in final form a plan for zoning which best meets the needs of the citizens of Pittsburg, two public hearings will be held. All interested persons are encouraged to attend and to offer comments, criticisms, and suggestions to the Planning Board's proposals. Through these meetings the Planning Board will be able to make the changes desired by the citizens of Pittsburg.

These revised zoning ordinances are to be considered by the voters of Pittsburg at Town Meeting, March 9. A special written ballot will be available through which each individual may express his approval or disapproval of the proposed zoning ordinances.

WINSTON J. YOUNG,

Chairman, Pittsburg Planning Board.

PITTSBURG SCHOOL DISTRICT

WARRANT

State of New Hampshire

To the inhabitants of the School District in the Town of Pittsburg qualified to vote in District Affairs:

You are hereby notified to meet at the Town Hall in said District on the 9th day of March, 1971, at 10:00 o'clock in the forenoon at which time the polls will be open. The School Business Meeting will begin at 1:00 p.m. or immediately following the Town Business Meeting, should it be extended to the afternoon session, to act upon the following subjects:

1. To bring in your ballots for the election of School District Officers to be elected by ballot for the ensuing year (s).
2. To determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other officer or agent of the district.
3. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
4. To bring in your ballots to see if the town will accept the proposal to build an addition to the present school building based upon the findings of the advisory committee.
5. To see if the District will vote to raise the sum of $1400.00 to supplement the School Lunch Program.
6. To see if the District will vote to raise the sum of $120.00 to transport school students, Grades I through VI, within Town limits on extremely cold and windy school days.
7. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries of the School District Officials and for the payment of the statutory obligations of the District.
8. To see if the town will vote to create an Auth-

orized Regional Enrollment Area (AREA) planning committee consisting of three qualified voters of whom at least one shall be a member of the school board.

9. To see if the District will vote to authorize the School Board to make application for and to accept, on behalf of the District, any or all grants or offers for educational purposes which may now be forthcoming from the State of New Hampshire and/or the United States for the ensung school year.

10. To transact any other business that may legally come before this meeting

Given under our hands at said Pittsburg on this 10th day of February, 1971.

Report Of The Superintendent

Housing the school program and providing sufficient space for pupils is becoming an ever increasing problem. With changes taking place within the basic curriculum of elementary and secondary education and the addition of related services for pupils to include music, physical education, health, library, audio-visual, combined with an increase in the school population however slight, local communities are now faced with school plants that are or are becoming inadequate to meet all these changes and needs.

Although revisions in school facilities have been made through the years to accomodate the changing school program, this has not been accomplished without the sacrifice of existing space or the increasing demand on the local taxpayers.

Vocational education is now becoming an important aspect in the secondary program. Rapid changes now taking place in occupational opportunities and vocational fields available to a student upon graduation are having a direct effect on the responsibilities of the secondary school program. Since a major function of education is to prepare a student for the future and to assist him in securing gainful employment, thought must be given to present vocational education programs and to their possible expansions to best meet the needs of those students who may not be financially able or desire to pursue a formal four year college program.

The concept of shared services by local and north country area school districts has made possible the sharing of a speech and hearing therapist as well as workshops for local teachers in the areas of art, audio-visual, and reading. The sharing of school facilities on a tuition basis has long been carried on by local districts and this year the voters in a number of districts will be asked to establish a planning committee to investigate the feasibility of a long term tuition contract under an Authorized Regional Enrollment Area (AREA) concept.

With the increasing expansion of educational programs and facilities it is strongly recommended that local districts continue working together in meeting these needs and in providing the most financially feasible solutions.

Respectfully submitted,
Stephen E. Dehl,
Superintendent of Schools

COUNSELING SERVICES DEPT.

Testing programs for achievement, ability, intelligence and interest take up a good percentage of the school councelor's time. In this report I will try to explain the implication and importance of these tests.

The first testing in the school year is required by the State of N. H. and records ability and achievement for grades 4, 6, 8 and 10—the tenth grade takes an additional (SCAT) School and College Ability Test under this program. 310 students were tested in this program totaling 2,399 student test hours.

Next there is the (PSAT) Preliminary Scholastic Aptitude Test given to juniors and seniors planning some form of education beyond high school. 48 of our students took this testing totaling 144 test hours.

For college bound students there is the (ACT) American College Tests and the (CEEB) College Entrance Examination Board (SAT) Scholastic Aptitude Test and Achievement Tests. These tests are taken on Saturdays throughout the school year and involve the juniors and seniors. Some 30 of our students will take these tests this year totaling about 150 hours.

The (NMSQT) National Merit Scholastic Qualifying Test is given to college bound juniors and if a student should qualify he would receive a $1,500.00 merit scholarship. This year about 20 of our students will be tested covering about 60 test hours.

The (NEDT) National Education Development Tests record a student's intelligence and achievement in grades 7, 8, 9, and 10. The areas covered are English, math, social studies, science and vocabulary. 220 of our students are tested in this program totaling 1,320 test hours.

This year for the first time we will test our students "interests" — their likes and dislikes. This test, the (OVIS) Ohio Vocational Interest Survey, will be given to all seventh grade students and will total some 228 test hours. The interest survey results will be used with the other test scores and the students school marks to help determine what subjects in high school will best suit his needs.

In the 1970-71 school year over 700 students will be involved in these testing programs totaling more than 4,300 student test hours.

Respectfully submitted,

Jason Sibulkin

Counselor

SCHOOL HEALTH

The objectives of a school heath program are to perform the necessary functions to maintain and promote good health of the pupils in our schools.

The following services are performed each year: checking heights and weights, vision and hearing; physical examinations for all students in grades 4, 8, and 11 and athletics; T. B. skin tests as recommended by the state T.B. Association; necessary immunizations; pre-school clinics for incoming first graders; and continuous supervision of general health.

A dental health clinic sponsored by the local towns and the state in what is called a Matching Fund Program was held two mornings a week from January through May. Fifteen youngsters received treatment at these clinics.

In April, 86 youngsters in grades 1-4 were immunized against German Measles with vaccine made available by the state.

Starting in November, a Speech and Hearing specialist equipped with a mobile lab, visits the area once a week to work with some of our students who have speech and hearing problems. This is made possible by North Country Education Service, a Title III Project.

Every year we strive to improve the school health program. With everyone working together it is hoped that we can achieve our goal in this endeavor.

Respectfully submitted,

Dorothy L. Ducret, R.N.
